

# SPLENDOR NC

Supporting, Promoting, and Launching the Expansion of Nutrition, Diabetes, and Obesity Researchers in North Carolina

## PILOT AND FEASIBILITY PROGRAM

### SPLENDOR-NC P&F PROGRAM

This program is designed to facilitate the success of early career faculty, including those from diverse backgrounds, engaged in research in the fields of nutrition, obesity and/or diabetes.

### ELIGIBILITY

- ✓ Post-doctoral fellows or early career faculty at one of the six partnering institutions (Duke, NCATSU, NCCU, UNC, WFU, WSSU)
- ✓ Research focus in the areas of nutrition, obesity, diabetes, and/or related areas.

### FUNDING LEVELS

- **\$10K Career Development Awards:** Support publication charges, travel, coursework, and training opportunities.
- **\$10K Research Awards:** Support costs for equipment, lab supplies, and small pilot projects.
- **\$50K Applications:** Support for pilot studies to collect preliminary data for extramural grant applications.
