

SPLENDOR – NC P&F PROGRAM

≤\$50K RESEARCH AWARD PROPOSAL GUIDELINES

Complete applications must be submitted as a single PDF file by **11:59 PM ET on Friday, November 1st, 2024**, using the [online form](#) at splendor-nc.org. Proposals must be single-spaced and use Arial 11-point font with 0.5" margins. A complete application requires items A-F listed below.

The goal of the ≤\$50K Pilot and Feasibility Research Award is to provide support for pilot studies to collect preliminary data for extramural grant applications. Researchers may request up to \$50K but can request a lesser amount if fewer funds are needed for their pilot project.

Please send any questions to splendor_nc@unc.edu.

A. APPLICATION COVER SHEET (page limit: 1 page)

The application cover sheet should include the following:

- Project title
- PI name, title/position, department/division, institution
- PI office address
- PI email address
- PI telephone number
- List of [UNC NORC](#) and/or [NCDRC](#) core(s) the PI plans to use and the specific core service(s) that the PI plans to use
- Type of research/discipline (Basic, Clinical, Translational/Dissemination Implementation, and/ or Health Disparities)
- Total amount of funding requested

B. SCIENTIFIC ABSTRACT AND LAY SUMMARY (limit: 1 page)

Please include a scientific abstract (30 lines) and a lay summary (maximum 3 sentences) that describe your proposed research. The scientific abstract should summarize your proposal for the review committee. The lay summary should summarize your proposal for the non-scientific community. Both must be submitted on the same page in the application package.

C. RESEARCH PLAN (page limit: 3 pages single-spaced)

The research plan should follow the standard NIH format. Please label each section of your research plan accordingly:

- Specific Aims and Hypotheses (1/2 p)
- Background and Preliminary Studies (1p)
- Research Design, Methods, and Expected Outcomes (1 p)
- Plans for Pilot Data (specify what funding opportunity you plan to pursue, how the pilot data will facilitate that, and your timeline for NIH submission) (1/2 p)

The following sections of your research plan do not count towards the 3-page limit:

- Projection of Human Subjects (if applicable): Institutional Review Board (IRB) approval is not required at the submission stage for a pilot grant. However, if you are selected as an awardee, you must submit the required paperwork to the appropriate IRB. Funds will not be available until the appropriate approvals have been received.
 - Data and Safety Monitoring Plan (if applicable)

- Description of Appropriate Milestones (if applicable)
 - Inclusion of Individuals Across the Lifespan (if applicable)
 - Inclusion of Women and Minorities (if applicable)
 - Inclusion Enrollment Report (if applicable)
 - Recruitment and Retention Plan (if applicable)
 - Registration of clinical trials in clinicaltrials.gov (if applicable)
 - Planning for dissemination of research results (if applicable)
- Vertebrate Animals (if applicable): Institutional Animal Care and Use Committee (IACUC) approval is not required at the submission stage for a pilot grant. However, if you are selected as an awardee, you must submit the required paperwork to the IACUC. Funds will not be available until the appropriate approvals have been received.

D. BUDGET, BUDGET JUSTIFICATION, & STUDY TIMELINE (Page limit: 2 pages + Budget Form)

Applicants may request up to **\$50,000 in direct costs only**. Please include a budget using the [NIH Form Page 4 here](#) and a 1-page budget justification and study timeline for the proposed project. Note that SPLENDOR-NC will request a waiver of F&A on subcontracts for all P&F awards. If the awardee's institution requires F&A on the subcontract, the F&A will be deducted from the direct costs of the awarded budget.

If needed, awardees can use a portion of the award for course buyout with an appropriate rationale in the budget justification, which should state clearly how the awardee will use the released time to complete the proposed research and, if relevant, demonstrate evidence of additional funding for the proposed research. A letter of support from the applicant's Chair is required for course buyout requests, and should provide the department/institutional policy on the costs associated with course buyouts. The remaining awarded funds must be used for allowable research-related expenses.

For UNC-CH applicants: Per UNC Policy 600.5, Principal Investigators (PIs) must commit and expend at least 1% effort during at least one effort reporting period of performance to accurately reflect their leadership of the project and meet this requirement. SPLENDOR-NC P&F awardees at UNC-CH may include 1% effort in their project budgets or request 1% cost-share with their departments to meet this need.

E. BIOSKETCH

Applicant must include a current NIH-style biosketch. Please use the [NIH PHS 398 biosketch form](#).

F. LETTER OF SUPPORT (page limit: none)

- A letter (or an email) of support from the appropriate UNC NORC or NCDRC Core Director(s) is required. The letter should state that you and the appropriate Core Director have discussed your needs and that the Core Director is willing to work with you on the proposed project.

See the P&F Program Allowable Expenses and Awardee Responsibilities on Pages 3-4.

P&F FUNDS MAY BE USED FOR:

- Animal maintenance
- Laboratory/research expenses
- PI salary to support course release
- Publication fees
- Research equipment less than \$5,000
- Research supplies and materials
- Technical/research staff support
- Other expenses deemed necessary to successfully execute the proposed project (other than those below)

P&F FUNDS MAY NOT BE USED FOR:

- Computer purchases
- Dues/membership fees
- General office supplies and equipment
- Indirect costs
- Laboratory space rental
- Professional education/training
- Research equipment over \$5,000
- Secretarial/administrative salary support
- Stipends or tuition for undergraduate students, graduate students, or postdoctoral scholars
- Travel (domestic or foreign)
- Tuition
- Foreign components ([as defined by NIH](#))

RESPONSIBILITIES OF P&F PROGRAM AWARDEES

1. Awardees are required to submit progress reports twice a year – at the midterm and at the conclusion of the grant period. You will be notified when these reports are due. All reports must be sent to the Program Coordinator and your assigned mentors.
2. Awardees are required to acknowledge the SPLENDOR-NC grant in all publications, posters, press releases, proposals, abstracts, and/or presentations that are produced as a result of P&F funding. Please use the following acknowledgement: “Research reported in this publication was supported by the National Institutes of Health Office of Nutrition Research, the National Institutes of Health Office of Disease Prevention, and the National Institute of Diabetes and Digestive and Kidney Diseases of the National Institutes of Health under Award Number U24DK132715. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health.”
3. Awardees are expected to spend awarded funds within the 1-year project period. Carry forward requests will only be granted in exceptional circumstances.
4. A web profile for each awardee, including the submitted lay abstract, will be added to the SPLENDOR-NC website.
5. Awardees are expected to present their research at the annual SPLENDOR-NC Symposium and UNC NORC- or NCDRC-sponsored seminars and events as requested.
6. If you are awarded a grant based on preliminary data obtained from your pilot study, please notify the Program Coordinator immediately at splendor_nc@unc.edu.
7. Awardees may be asked to serve as peer reviewers for subsequent SPLENDOR-NC P&F Program grant competitions.
8. After completing the project, awardees will be requested to continue to report any new progress (grants, publications, etc.) resulting from preliminary data obtained from their P&F award. SPLENDOR-NC is required to report all updates from P&F funding to the NIH to help the NIH evaluate the effectiveness and productivity of the Center. Please send all project updates to the Program Coordinator at splendor_nc@unc.edu.
